

Intonation

- 1 Choose a mood below:
Grumpy – happy – sad – shocked – sleepy
Using the mood, say: "I have a secret to tell you"
- 2 What extra meaning does the mood give to the sentence?
What does it make you think the secret is about?
- 3 Try another mood. How has that changed the meaning of the sentence? What might the secret be now?
- 4 How does reading with intonation give extra meaning to the text?

**Reading aloud with intonation makes it sound more natural and interesting. Imagine if everyone read like a robot - boring! **
