

## Adjectives

1 You will be looking for adjectives – words that describe things. Adjectives help us to create a mental picture when reading.

2 Choose a chapter, and find examples of adjectives in the text. Make a list of the ones you find!

3 How do these words help you to imagine the text better?

4 What would the text be like if there were no adjectives? Why do you think authors use adjectives?

Adjectives are words like:
