

## Making Connections

- 1 Read a chapter of the text.
- 2 **Text-to-self:** What is in the text that is similar to something you have seen or done?
- 3 **Text-to-text:** What part of the text can you connect to something else you have read or watched?
- 4 **Text-to-world:** What part of the text can you connect to something else in the world that you know about?
- 5 How does making connections help you to understand the text better?

*Texts can be books or articles... but also films, TV shows, art, or music too.*
